Pulsing Required (#) : Commands 1, 2, 3, 4 & 6
Local items marked with a “-“ are not pulsed.

The program is fully automation friendly, and all commercials breaks will be fixed length. There will be no countbacks on the satellite.

Commercial Breaks not played are held over to the following hour, but all 12 commercial breaks should be played between 1200-1500. Stations should reset their commercial break log at the conclusion of the program.

Public Holiday schedules are the same as normal weekday format – replacement announcer is notified in the Changes and Notices section of the website.

The program is not available on Christmas Day or Good Friday.
